

# Work Log of the Project

This document comprises a comprehensive list of tasks that were necessary for the successful execution of the project, detailing the name of the respective resource responsible for each task.

As talked to Professor Omar Alam, this work log is to show who did what and how much effort was put by each group member.

## Project Management

Task	Who worked on It?
Maintain Atlassian Jira	Punyaja Mishra
Plan Sprints for the Project and make sure everything is being done Assign Tasks and make sure it's done on time	Punyaja Mishra
Come up with Final Project Design based on Client's Requirements	Punyaja Mishra
